

Table Trac Receives Manufacturer and Distributor License Approval in Nevada

MINNETONKA, MN, September 6, 2016 – Table Trac, Inc. (OTCPink: TBTC) announces that in a unanimous vote, it has been granted a Manufacturer and Distributor license by the Nevada Gaming Commission.

Table Trac's recent license approval to pursue business in the State of Nevada is perhaps the most significant development in company history. As a casino management system, Table Trac is now among a select few companies that can meet the needs of the many casinos that are licensees in Nevada. There are over 300 casinos in Nevada, and CasinoTrac, the system powered by Table Trac, is designed to fit ideally into the operating reality and budgets for the majority of these casinos. CasinoTrac is highly scalable; feature packed, operator friendly, and backed by a U.S. based support team.

Table Trac President, Chad Hoehne, stated, "It is incredibly rewarding to reach this milestone," and added, "The CasinoTrac system will be available after completing required field trials in Nevada."

About Table Trac, Inc.
