

## **Celebrating 25 years of gaming excitement, Red Lake Gaming Enterprises renews longstanding business relationship with Table Trac**

Minnetonka, MN, November 28, 2017 – Red Lake Gaming Enterprises installs new casino management systems from Table Trac Inc at its three premier gaming properties located in northern Minnesota. Since 1992, the Red Lake Gaming Enterprise has provided world class gaming entertainment at its scenic northern Minnesota casino locations, and beginning in 2004 they called on CasinoTrac systems to help. After a short hiatus, Table Trac is honored and proud to announce that they've been chosen to return to Red Lake Gaming and provide casino management systems.

Seven Clans Thief River Falls features gaming and fun, with its all-suite hotel, cozy standard and fireplace rooms, and a recently renovated 40,000 sq. ft. family friendly indoor water park and arcade. The casino floor boasts over 600 games and four live blackjack tables for anyone looking for a full-on family fun stop. Seven Clans Red Lake keeps the fun going with a casino floor featuring over 300 games including video slots, video poker and video keno which is all within steps of a spacious event center, restaurant, and a 40 room hotel. A picturesque Seven Clans Warroad sits directly on Lake of the Woods, just minutes from the Canadian border. In Warroad for over 26 years, the new site opened in 2014 and features a spacious casino floor with over 580 games, live blackjack and poker tables, a 60 room hotel and two places to dine including the Willows Restaurant which overlooks the lake. All three Red Lake Gaming locations will be served with new features and fun new ways to win, by the version 4.4 CasinoTrac system from Table Trac Inc.

*“I was thrilled when Red Lake Gaming Enterprises considered us their choice”, said Chad Hoehne, President of Table Trac Inc. “we know the locations and many of the staff from our years of work with them since 2004, and we will be a strong team member for their casino. This recognition from one of our home state of Minnesota casinos is a prize achievement for us”*

Eugene McArthur, CEO of the Red Lake Gaming Enterprises, stated, *“Choosing CasinoTrac was easier than expected, it's a full featured product provided by an established local company. It offers a significant value & infrastructure to support gaming operations at all three of our locations; we are happy to welcome them back to the Red Lake Gaming Enterprise family.”*
